

Welcome!

We are privileged to have you at Holy Trinity Greek Orthodox Cathedral Columbia, South Carolina. The Colombia community, established over 75 years ago, is a group of people full of energy and enthusiasm working together to fulfill the ministries of Christ and the Church.

Orthodoxy is the last of the Christian faiths to preserve the tradition and continuity of the ancient Church in its fullness. An example of our loyalty to the past is the tradition of

iconography. Our beautiful new cathedral embodies magnificent iconography that tells the story of Christianity with such a unique approach from the Garden of Eden, to the prophets, to the life of Christ, to the Resurrection, to the Four Gospels and to the Final Judgment. It is truly an enlightening experience to learn the relevance of these works of art as they relate to the Christian way of life we want to live today.

You may contact the church office, or view our website at holytrinitysc.com for information on vespers and other services throughout the week. Enclosed you will find information on the church ministries for all ages along with the contact details on how to join.

I look forward to getting to know you and your family and welcoming you to the community.
